## BOLSHEVIKI ARMY IS CRUSHED

### HUNS SEEK TO JUSTIFY ATTITUDE

Erzberger Presents 23-Page Memorandum at Time Extension Was Signed

#### COMPLAIN OF HARD TERMS

Allege Germans Have Done All Possible to Fulfill Agreement

Protest Lodged Against Order to Evacuate Poland

Reduction of German Army to 25000 Men and Allied Position of Arsenal Also Demanded

(By Associated Press)

Paris, February 18.—When the Germans came to sign the terms of the new armistice, says a Havas dispatch from Treves, Matthias Erzberger handed Marshal Foch a 23-page memorandum in which it was attempted to justify Germany's attitude, it being maintained she had done her best to meet her obligations.

He also gave the Marshal a memorandum from Philipp Scheidemann complaining of the increasingly hard terms forced upon Germany and protesting against the Germans being forced to evacuate Poland, deliver German fortresses to the Poles and abandoning the German people there.

A demand was made that the allies require the Poles to stop their attacks against the Germans. This last request has been complied with, a telegram having been sent last night from Paris.

The special commission of the supreme council charged with drafting the terms of a definite armistice which will hold good until peace preliminaries have been signed, have almost completed its task and it is possible that Marshal Foch will be able to notify the Germans on Thursday or Friday of the military and naval terms which will be essentially those of the preliminary peace treaty.

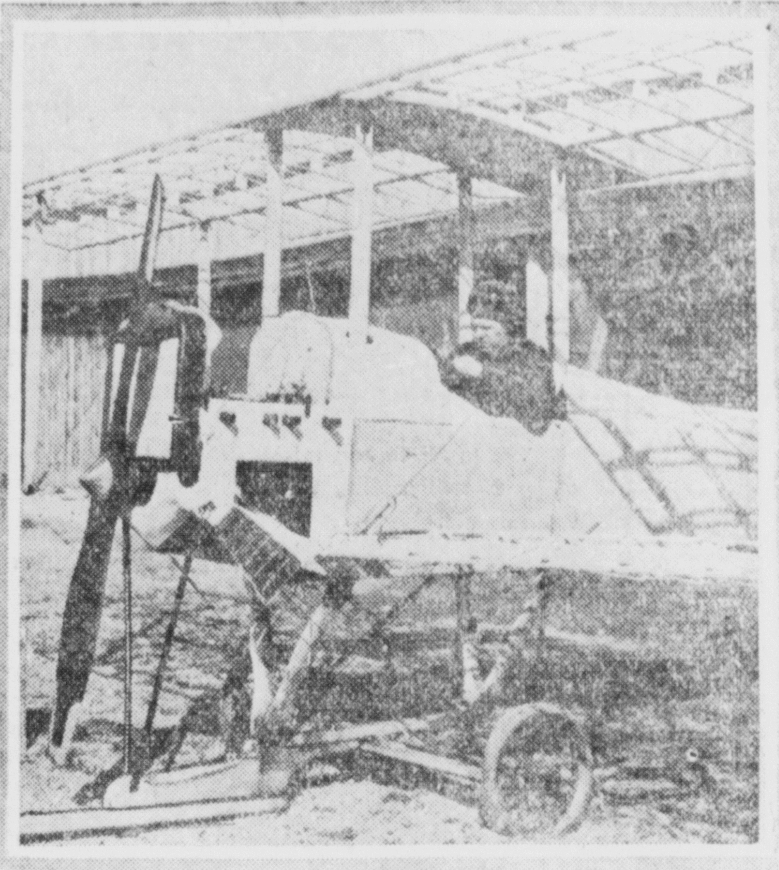

It is understood the terms will include clauses by which Germany will be allowed to maintain only 250,000 men under arms to keep order. All war material beyond what is necessary to equip these troops would be placed under control of the allies who also will have control of all German munition plants.

### TREASURY TO ISSUE NOTES

(By Associated Press)

Washington, February 18.—A tentative decision was reached today by the House Ways and Means Committee to authorize no increase in the unissued amount of liberty bonds but instead to authorize the treasury to issue notes maturing in one to five years for any additional sums needed.

### WILL REVOLUTIONIZE PLANE INDUSTRY

NEW "BABY" AIRPLANE

Asa G. Kimball, an enterprising inventor of Saugus, Mass., has developed a "baby" airplane which he claims will revolutionize the plane industry. The entire plane weighs no more than 400 pounds and is equipped with a Ford automobile motor. The plane is guaranteed to remain in the air for two and a half hours. The photo shows Mr. Kimball about to start on a flight in his new plane.

### SENATOR BORAH NOT TO ATTEND WILSON DINNER

Expresses Desire Not to be Bound by Ties of Silence as to Discussion

(By Associated Press)

Washington, February 18.—Senator Borah has asked to be excused from attending the dinner at the White House at which President Wilson will discuss with members of the foreign relations committee of congress the constitution of the proposed league of nations.

In a letter to Secretary Tumulty he said it was the custom to hold in confidence any information received at such a gathering and that he was not willing to be bound to silence on such an important subject upon which he and President Wilson disagreed, fundamentally.

He added that nothing could make him agree with the constitution of the league as it now stood.

White House officials said no other member had declined the invitation and that it was understood all others would accept.

Upon receiving the Idaho senator's letter Secretary Tumulty transmitted it by wireless to President Wilson on board the George Washington.

Senator Borah is one of a group of senators who opposed any sort of internationalization and whose opposition to the league as proposed has been regarded as a foregone conclusion.

### CLEVELAND TO DEPORT THIRTY

(By Associated Press)

Cleveland, O., February 18.—Thirty alien advocates of open revolt, according to Federal authorities, and all other indictments for disseminating revolutionary propaganda throughout Ohio are to be deported from Cleveland by the United States government. Plans for their deportation were being made today by three government agents here.

### UNNECESSARY TROOP LOSSES HEARING PASSED

Governor Allen Completes a Presentation of Claim For Inquiry

(By Associated Press)

Washington, February 18.—Congressional investigation of losses among Kansas and Missouri troops of the 35th division in the Argonne fighting which Governor Allen charged were unnecessarily heavy because of lack of artillery and inefficiency, will go over until the next session.

Governor Allen completed his presentation of his request for an inquiry to the House Rules Committee today and the committee in an executive session decided the time was too short to permit an inquiry at this session.

Chairman Pau said a general inquiry into the whole conduct of the war probably would be ordered.

### WETS TO SEEK REFERENDUM IN FOURTEEN STATES

Federal Prohibition to be Put to Test Says Dealers Association

(By Associated Press)

Cincinnati, O., February 18.—Referendum elections will be sought in 14 states of the union on the Federal prohibition amendment, according to an announcement made by the National Association of Distillers and Wholesale Liquor Dealers here today.

Ohio is listed among the states. Leading distillers state that they believe at least 13 of the 14 states will reject the amendment and thus defeat national prohibition.

### General Denikine With Anti-Bolsheviki Forces Reaches Caspian Sea

ADVANCED 350 VERSTS

Captured 31000 Prisoners and 95 Big Guns

Arms of 100000 Bolsheviki Scattered and 30 Miles of Rail-Road Cars Taken

(By Associated Press)

Odessa, February 13.—The anti-Bolsheviki army of General Denikine has reached the Caspian Sea, having advanced 350 versts and captured 31,000 prisoners, 95 guns and eight armored trains.

In the victorious advance General Denikine's army scattered a Bolshevik force of more than 100,000. Bolshevik war material in railway cars which stretched for a distance of 30 miles also was captured. By his victory General Denikine will now be able to go to the rescue of forces opposed to the Bolsheviks in the Don region.

### TWO WORTHIES DIFFER AGAIN

(By Associated Press)

Stockholm, February 18.—Serious differences of opinion have arisen between the Moscow Soviets, headed by Premier Lenin and the Petrograd Soviets headed by Leon Trotsky, over the allied proposal for a conference on the Princess Islands, according to a dispatch reaching here.

### RUSSIA MORE DOWN TRODDEN NOW THAN EVER

Bernstein Continues Relation of Condition Before Senate

(By Associated Press)

Washington, February 18.—Russia is more down trodden under the Bolsheviks than she ever was under the Czar, the Senate propaganda investigating committee was told today by Herman Bernstein, an American writer who spent some time in Russia.

He said this new slavery actually was brought about by the Germans.

The witness said he knew certain men sent to this country had been in the employ of the Bolsheviks.

### THE UKRAINIANS ARE SUCCESSFUL

(By Associated Press)

Stockholm, February 18.—Bolshevik forces in the Ukraine, according to advices from Kiev, have suffered severe defeats at the hands of the Ukrainians.

### NEARING CASE GIVEN TO JURY

(By Associated Press)

New York, February 18.—The jury in the case of Scott Nearing, one-time college professor and member of the American Socialist Society, charged with violation of the espionage act, retired to deliberate on a verdict soon after noon today.

### M'ADOO WITH MOVIE STARS

WILLIAM G. M'ADOO ON THE JOB.

William G. McAdoo, former Secretary of the Treasury, photographed with a group of moving picture stars at San Fernando Valley, Cal. Mr. McAdoo has accepted a position as counsel for the United Artists' Corporation, with Douglas Fairbanks, William S. Hart, Mary Pickford, Charlie Chaplin and D. W. Griffith the "big five" of the film industry. The photo shows, left to right: Mrs. W. G. McAdoo, George Anderson, Douglas Fairbanks and Mr. McAdoo.

### WILSON SHIP IS 700 MILES OUT AT SEA

(By Associated Press)

On Board the U. S. Ship George Washington, Monday, February 17.—President Wilson's ship is 700 miles on its homeward journey and running fast toward the Azores, which probably will be passed tomorrow.

Mr. Wilson continues the enforced rest which has been prescribed by his physician, Admiral Grayson, and he has taken little air so far on the trip. President Wilson probably will do some work the latter part of his voyage and perhaps decide on the successor to Attorney General Gregory.

### HUNS CHANGED MINDS ABOUT REFUSING OFFER

(By Associated Press)

Weimar, February 17.—The German cabinet voted early Sunday morning to reject the allied terms for renewal of the armistice and take chances of an allied military advance being ordered.

After consultation with the party leaders the decision was changed and Sunday night orders were issued that the armistice be signed.

### HUNS ON STRIKE

(By Associated Press)

Copenhagen, February 18.—A general strike has been declared in part of the Ruhr district along the Rhine and the spartacans have occupied Bochum, Hamborn, and a number of other places, according to a report from Berlin.

### RUSSIAN PROBLEMS STILL HALT CONFERENCE

Public of France and Great Britain Anxious For Return of Troops

#### FEAR GRAVE COMPLICATIONS

Unless Final Treaty of Peace is Concluded With Huns in Advance of Demobilization

(By Associated Press)

Paris, February 18.—Some of the Entente powers are planning as soon as the Russian problem now before the council is disposed of and a few more hearings are accorded representatives of small nations, to take up the larger problems of a treaty of peace.

The state of public sentiment in America, England and other nations has impressed their representatives here of the necessity of taking steps to return the soldiers home which cannot be accomplished in advance of conclusion of the peace treaty.

The French government is fully aware of this feeling and expresses its sympathy with the motives that underlie it. But there are fears of dangerous complications and failures to realize the necessary fruits of victory if there is undue haste in conclusion of a treaty of peace.

France is insisting upon compliance with armistice demands for the return of much property taken by the Germans, but some of the Entente powers believe it should not be permitted to delay signing of the treaty.

No feasible plan for settling the Russian question has developed during two days hearing given the subject. The effort is being resumed today but the weight of opinion in the council seems opposed to any plan involving the use of force or extension of present military activities.

### REPRESENTATION TO BE EQUAL TO LABORERS

British Delegate Plan is Adopted by Commission on International Labor Legislation

(By Associated Press)

Paris, February 18.—Equal representation for the government on the one hand and employers and laborers on the other was decided upon by the commission on international labor legislation yesterday.

The plan adopted is that presented by the British delegates. Samuel Gompers, head of the American Federation of Labor, presided over the meeting.

### ADMINISTRATION LEADERS FAIL TO ATTAIN AIM

Immediate Consideration For Senate Bill Resuming Enlistments

(By Associated Press)

Washington, February 18.—Administration leaders in the House failed today in their efforts to have the rules committee report a special report rule to meet preliminary obstacles to legislation in the pending army appropriation bill for a temporary army of 500,000 men.

Instead of a close vote the committee decided to give a rule for immediate consideration of a Senate bill authorizing the resumption of voluntary enlistments.

### VARDAMAN IS FIRST TO OBJECT

Mississippi Senator Believes League of Nations Unconstitutional

(By Associated Press)

Washington, February 18.—Discussion of the league of nations developed unexpectedly in the Senate today. Senator Vardaman of Mississippi, democrat, declared the league was unconstitutional and he criticized President Wilson for asking Congress to remain silent until he returned.

Senator Vardaman spoke only a few minutes and there was no further discussion of the subject.

## WILL SOON BEGIN WORK ON BEDFORD STONE BUILDING

Washington Savings Bank & Trust Company To Move Within Few Days While New Building Goes Up.

Attractive Structure Fronts 30 Feet on Court and 68 Feet on Fayette Street.

Within the next two or three weeks The Washington Savings Bank Trust Company will move into the room on Fayette street now being vacated by the P. & D. Bank, where the institution will be located for the next several months while a handsome Bedford stone structure is erected on the site now occupied by the Savings Bank.

The new building will be another valuable addition to the city's business houses, fronting on Court street 30 feet and extending 68 feet along Fayette street, both walls of grey stone, the structure to be fire-proof throughout and represent the latest word in Bank buildings. It will be devoted exclusively to banking purposes and will be constructed with every convenience for this purpose.

The main entrance to the building will be in the center of the Court street frontage, with large windows at either side of the vestibuled entrance. Large windows along the Fayette street side will offer ideal light for employees.

The interior will be finished in beautiful marble, with floor to correspond with the other finish. Not only will the facilities be so arranged as to offer the best service, but everything for the convenience of the patrons will be carefully worked out, and comfortable seats, consultation rooms, rest rooms and the usual accommodations found in modern banks provided.

As soon as the bank moves the work of tearing out the present building will begin, and it is hoped to have the new building ready by next fall.

## MOST SUCCESSFUL MEETING OF SERIES HELD LAST NIGHT

Monday night's evangelistic services at Grace M. E. Church proved to be the most successful meeting of the series to date, fourteen converts responding to the call extended by Dr. Mahood after a short and forceful sermon on the theme of "A Starting Question."

"Why Will Ye Die" was the question propounded by Dr. Mahood, and during his sermon he declared that no living person could say with any degree of assurance that he would be living a few hours hence, and that everyone should be prepared, as the forces of evil were always near each

one and that only the presence of God wards off the evil influence.

The personal workers were more active than usual, and there was every indication that the turning point in the meetings had come, and good results may be expected from now onward.

Prof. Bray, who has had charge of the singing, bade farewell to friends made here, following the Monday night services, and Tuesday morning returned to his duties in Chicago.

The "Sunshine Chorus" proved very popular once more, and the singing

## Time of Big Figures

These are days of tremendous sums of money. Dollars in sums of millions are attracting no more than passing attention. Not only is the government dealing in scores of billions—but organizations of all sorts throughout the nation are inaugurating money raising campaigns which only a few years ago would have set the high mark of attainment at a hundred thousand dollars or the more pretentious at a "few" hundred thousand now are setting the mark to be reached at several score millions and even a hundred or more millions of dollars.

We speak now in terms of billions and hundreds of millions much more unconcernedly than a decade ago we would have spoken of hundreds of thousands. We proceed with our expenditures, public and quasi-public, on an appallingly big scale, we seem to give little thought to the real meaning of the sums we raise and spend.

How is it done? How have we been able to jump so rapidly from a plane of hundreds of thousands to billions?

Easy enough. The war has taught us our tremendous resources. We have for half a century and more of peace been bringing hundreds of thousands more of our fertile acres under cultivation, we have mined and placed in the channels of trade thousands of tons of precious metals. The inexhaustible resources of the earth have been tapped and the contents of petroleum and gas have flowed to the surface to change to golden wealth. Our population has increased and our earning capacity has been multiplied many times—we have more workers and more intelligent workers, more to work with and more to exert our energy upon.

The war's demand brought realization of our enormous increase in wealth. It made us invoice and we found our national purse was deep and full. We learned how to spend during the war and we are keeping it up now that peace has come.

Those who are still afraid of big figures should call on their courage.

## Marriage and Divorce

It is a rather startling revelation which Fayette county marriage and divorce court statistics furnish for the year just closed.

There were one hundred and fifty-two marriage licenses issued and sixty divorce actions filed. Nearly forty percent of the marriages in Fayette county during 1918 resulted in disagreements culminating in the divorce court.

Society cannot make progress toward higher and better ideals unless the very foundation of organized society—the marriage contract—is regarded more sacredly.

We seem to have outlived the old proverb: "Marriage in haste, repent at leisure." We do both hurriedly now days. It is too easy to get married and too easy to be divorced.

People have grown to regard the marriage contract, apparently, as affecting only the immediate parties. Society as a whole is interested and interested vitally. The personal liberty idea in marriage and divorce is just as harmful to society as is personal liberty in regard to the use of intoxicating liquor.

## POEM FOR TODAY

### THE IDEALIST.

There is a man who dreams himself aloof  
From brute creation. In his sense of life  
There seems no need for further human strife;  
No need to leave the calm and peaceful roof  
To fight as beast fight, with the horn and hoof.  
This man has glimpsed a vista strangely new,  
Where virile intellects and healthy flesh  
Many grasp the flail of industry, and thresh,  
From varied grains, the harvests that accrue  
When one is thrifty. His is warp and woof  
Of fancy's imagery. His mind has seen  
The nobler attributes and greater heights  
White man attains when all his longings lean  
Away from instincts of the primal night.

Yet he is lonely, and in wretchedness  
His days begin, in sorrowings they end.  
For few there be who dare to call him friend.  
Or sympathize too much in his distress.  
Fearing they, too, some weakling hope confess  
For new conditions, sweet, but all unknown  
To history's annals. So he lives his day  
Fighting two fights—the tongues of those who say  
His is the heart of cowardice alone.  
Or that foul slander, that his wits digress  
From normal tending. So he lives and dies  
Hurt to the soul that mankind cannot see  
The greater blessings of calm, peaceful skies.  
And how much finer earth, sans wars would be!

—New York Times.

## STRONGER MEN TAKE THE LEAD

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made. It is well worth getting and holding.  
The health and nerve of the athlete is what Nature intended every man and woman to have.  
The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron a real blood and nerve builder."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Frank Christopher, the Druggist, and leading druggists everywhere.

## The Application of Power in the New Studebaker Cars

### The New Studebaker Cars

NOTICE how ideally, from an engineering standpoint, the smooth-flowing power developed by the new Studebaker motors is applied to the rear wheels! There are seven primary elements representing, individually and collectively, the best ideas of the day.

- 1st—A Thermoid-Hardy flexible coupling between the clutch and transmission, which reduces driving shocks and smoothes out the power impulses of the motor.
- 2nd—A compact, well-placed gear-case, close to the motor, supported by the same subframe which carries the rear end of the motor, giving the advantages of reduced weight and the best possible distribution of weight.
- 3rd—Spicer joints at both ends of the short, tubular propeller shaft.
- 4th—Spiral-bevel gears; differential bearings powerfully supported.
- 5th—Best type of the improved semi-floating rear axle, which is now standard on the finest cars and trucks.
- 6th—Timken bearings of ample size in transmission, pinion-shaft, differential, driving shafts and road wheels.
- 7th—Full Hotchkiss drive (cushioned through springs) securing a smoother application of power in conjunction with the flexible coupling and spiral-bevel gears.

Your first road-test of the car itself will show you the superior advantage of these features.

# News of Interest to Women

In an article in the Camp Sherman News of last Thursday, on the variety of entertainment that has been featuring the "Y" programs, "Pinafore" is mentioned in a complimentary manner.

The News says that exceptional talent from all over the State marks programs at the Huts, and mentions some widely known readers, concert companies, lecturers, and entertaining troupes and of the H. M. S. "Pinafore" company.

"In addition to these a group of 60 young people from Washington C. H. presented 'Pinafore' at the Main 'Y' auditorium. The performance was among the most enjoyable of the many during the week. The very freshness and wholesomeness of the play and the charming manner in which it was given by the young people combined to make an evening of undeniable pleasure."

Miss Marie Hines most delightfully entertained a number of girls at an elaborate dinner Sunday in honor of Miss Gladys McCord, of Dayton and Miss Ethel Pope, who

soon moves to Sedalia. Both girls have many friends who sincerely regret their removal from this vicinity.

The afternoon was spent in piano music and various other amusements. Miss Hines was assisted in the cordial hospitalities of the day by Mrs. Cass Hidy and Katie Carr.

Those who participated besides the honor guests and hostess were intimate friends, Misses Helen Carr, Bessie Grimm, Ines Baughn, Janice Hidy and Jessie Underwood.

Mrs. H. E. Cherrington will entertain Saturday with a bridge party at her home, complimenting her sister, Mrs. Frank Parrett, who, with her husband, Senator Parrett of Washington C. H., is spending the winter at the Seneca—Ohio State Journal.

Rev. Frederick E. Ross is scheduled to make an address at the patriotic meeting of the Women's Club of the U. C. T., to be held all day at the U. C. T. hall in Columbus, Wednesday.

It was a bitter disappointment to thousands of women in their various activities when the United States Senate failed to pass the federal suffrage amendment, February 10th. The goal was so nearly reached—only one vote was lacking.

With characteristic vigor women are already at work formulating a new campaign and many are enlisting who have never before felt it necessary to help.

The suffrage enrollment for Washington and Fayette county begins this week. Every woman in favor of equal suffrage will be glad of this chance to say so.

Nearly a hundred people assembled at the home of Mr. and Mrs. George Yahn, Monday evening to surprise Mrs. Yahn in honor of her birthday.

It was an affair of the utmost pleasure as well as a complete surprise. The guests brought baskets well filled with all manner of tempting eatables and the family supplemented further viands until the table was loaded to capacity. Potted flowers were used in decoration.

The evening passed all too quickly in a jolly good time and music.

The affair was managed by Mr. Yahn, daughters, Miss Mary and

Mrs. Glen Davis, Mr. and Mrs. Ralph Yahn, Mr. and Mrs. Beryl Cavine.

"Chester Swaim, Earl Strong and Isaac Lair enjoyed a delightful six o'clock dinner at the home of Miss Elizabeth DeWees, at her home in Washington C. H., Sunday evening. Her sister, Miss Imogene DeWees, and Miss Helen McKee completed the party."—Wilmington News.

Mrs. Wash Lough is a shopping visitor here from Good Hope today.

Mrs. C. F. Bonham was called to the home of Mr. William Post in Greenfield this week by the serious condition of Mrs. Post, a sister of Mr. Bonham. She remained with the daughter while Mr. Post took his wife to a hospital in Cincinnati.

Mr. and Mrs. George Sturgeon are attending the Farmers' Institute in Williamsport today and tonight. Messrs. T. H. Craig and D. S. Craig returned Monday evening from New York City, where they attended the National Dry Goods Association.

Mr. Artwood Custis, of Xenia was the guest of Mr. and Mrs. J. W. Powell, Monday.

## REAL ENTHUSIASM FINE CONVENTION

There was a splendid Sunday School Convention held at the Friends Church at New Martinsburg Sunday with an extra good attendance and interesting speakers, who spoke on timely topics.

Mr. W. R. Everhart, President, was in charge and presented the speakers. Mrs. G. Bruce Franklin impressed the juvenile work and how it benefited the Sunday School in an excellent address.

Rev. Stoker, of Fairview church, a recently returned soldier, gave an account of what the Sunday School means to the returning soldiers, and gave helpful suggestions in regard to how it could best aid them.

Mr. C. R. Lyle, County President, gave the Secretary-Treasurer's report in the absence of the Secretary, Miss Ruth Mark, and also delivered an able address on the "Needs of the Sunday School." In the county secretary's report Perry township was cited as "a front line township" in regard to attendance, interest, and progress.

Miss Margaret Alice Porter and little three year old Jean Leasure each sang pretty vocal solos, and a class of boys and girls of the church added a song.

Rev. Leasure and Mr. Robert McCord discussed jointly the "Threshold of the New Year."

The old officers of the convention were retained until the next convention which is to be held in the early summer.

**RED CROSS ACTIVITIES**

A Call From Camp Sherman.

The local Red Cross Chapter had a call from Camp Sherman on behalf of the wounded and sick soldiers and the women who have been giving so freely of their time and effort in response to Red Cross calls, are asked to once more "speed up" and help make face masks and other necessities now needed at Camp Sherman.

All women who possibly can are asked to meet at the Red Cross work shop on Mondays, Wednesdays and Fridays and assist in this work.

Knitting Plan Perfected.

A quantity of yarn is now available for knitters and can be had by calling at the Red Cross work shop.

Plans have been completed for a new knitting program to be carried out by the Red Cross chapters of the land in behalf of the destitute in European countries. Details and instruction will soon be sent from National Headquarters to the division managers with respect to the issuance of yarn in hand to be made into stockings, sweaters and mufflers for children, and shawls for women. It is urged that every energy be bent to speed up production as the need for such articles abroad is very great.

Details of the program in question have been given exhaustive consideration at Headquarters, with a view to harmonizing the after-war situation at home with the urgent need stated in the cables that have been received from the commissions in Europe. One of the recent cables on the subject stated that unlimited use can be made of children's stockings and strongly recommended that the yarn available when the knitting of garments for our soldiers ceased, be utilized with as little delay as possible for knitting them for the benefit of destitute children in all parts of the world.

Another of the many cablegrams describing needs with respect to refugees declared that distress throughout the world daily presents a picture of the greatest despair.

An Atlantic Port.—France in four years of conflict to preserve her own liberty and that of the world, according to Andre Tardie French high commissioner to the United States, has lost 1,500,000 men killed and as many wounded. America owes France an enormous debt of gratitude for this heroic outpouring of her life's blood and also for the reported savings of thousands of lives in this country and throughout the world through the discovery by French peasants of a perfect remedy for stomach, liver and intestinal ailments which it is said, has relieved incalculable suffering and prevented thousands of surgical operations.

# DEATH SUMMONS JACOB W. BYRON

Relatives in this city Tuesday afternoon received word that Mr. Jacob W. Byron, aged 85 years, for many years a resident of this city, and the father of Health Officer John Byron, had passed away in the National Military Home in Dayton, some time Monday.

Mr. Byron formally resided at Jackson, and was a cabinet maker and undertaker for many years. He moved to this city in 1896.

Mr. Byron saw service under Gen. Custer, in the 2nd W. Virginia Cavalry, and later fought throughout the Civil War as a member of the 129th O. V. I.

December 11, 1918, he left this city for the Military Home in Dayton, and was well pleased with life there.

The deceased leaves three children, John, of this city, Charles, of Columbus, and Mrs. F. M. Willis, of Hamden, Ohio.

His son John leaves this evening for Dayton to accompany the body home, arriving at 9:10 Wednesday. Short funeral services will be held Thursday and the body will be shipped to Jackson for burial.

# 28 CONVERTS

Revival Services are being held at Pleasant Valley church each evening at seven o'clock.  
There have been twenty-eight converts and large crowds have been hearing a number of good sermons. All are invited to come.

# Y. M. C. A. NOTES

The "Y" lobby is open every Sunday afternoon from 2:00 to 5:00 so that anyone may have access to the books, papers and magazines in the lobby. The game rooms, gymnasium and swimming pool are not open on Sundays.

The "Y" High School Boys Club will be formally launched at a meeting of the boys to be held Wednesday evening at 6:00 o'clock.

## MEMOIR

Leslie Tillis, infant son of Walter and Dorcas Tillis, was born January 11th and went to be with Jesus February 14th, 1919, aged 1 month and 3 days.

He leaves to mourn their loss a father, mother and one little brother and sister, with many relatives.

Wherefore should I make any moan,  
Now the darling child is dead?  
He to rest is early gone,  
He to Paradise is fled;  
I shall go to him, but he  
Never shall return to me.

God forbids his longer stay,  
God recalls His precious loan,  
He hath taken him away  
From my bosom to His own;  
Surely what He wills is best,  
Happy in His will I rest.

Faith cries out, "It is the Lord."  
Let Him do what seems Him good,  
Be Thy holy name adored,  
Take the gift awhile bestowed;  
Take the child no longer mine,  
Thine he is, forever thine.

CHARGED WITH CONSPIRACY  
New York, February 18.—Edith F. Ranger, sister of the late Henry Ward Ranger, who left more than 200,000 to the National Academy of Design to foster American art, was placed on trial here today with two others, charged with conspiracy to obstruct justice by offering for probate as her brother's will a forged document.

FEE SYSTEM ABOLISHED  
Washington, February 18.—A Senate bill abolishing the fee system in offices of Clerks of the United States District Courts and placing them on a fixed salary basis, was passed by the House. It provides a minimum annual salary of \$2,500 and a maximum of \$5,000, the Attorney-General to fix the amount based on the work performed.

# INTEREST KEEN IN THE MISSING WORD CONTEST

The third week of the Missing Word contest starts with hundreds of answers to the first two weeks. Some were right and others were wrong. If you made an error do not become discouraged, you will have plenty of company before the contest ends. We are sure there will be very few who will get them all right.

We must again warn our readers to be more careful. The words seemed so easy the first week some were careless in copying them on the coupon and did not write the word they intended.

The word left out of Contest No. 1 last week was GET and was omitted from Kerns, the Radiator Man's advertisement. By looking at the advertisement the omission will be seen quite plainly.

The word left out of Contest No. 2 was WORK and was omitted from the advertisement of Perce Pearce.

Striking N. Y. Building Trades Workers Announce Intention

(By Associated Press)

New York, February 18.—Representatives of the Building Trades Employers Association of this city and their striking building trades workers each announced today that they would send commissions to meet Secretary Baker and Wilson in Washington tomorrow in an attempt to settle the nation-wide strike effective yesterday.

# COMMUNICATED

February 17, 1919.

Editor, Washington Herald:  
Dr. Mahood was quoted in the Herald of February 8 as having said: "When God heals the sick in answer to prayer it is after we have exhausted all human means at our command."

I fail to find any scriptural authority for such preaching. I am unable to discover a single Biblical statement which can be justly interpreted to mean what the Doctor is quoted as having said. On the other hand, I do find in the Scriptures numerous precepts and examples unmistakably pointing us first, last and all the time to God who is a "very present help in time of trouble." The first commandment, "Thou shalt have no other gods before me," particularly applies to this question.

Dr. Mahood's statement is equivalent to saying that there is another power aside from God, inherent in a pill, a powder, a serum or a flu-mak, which is able to heal and to save. Such a conception which seems to underlie his words might do for those who prefer to give God consideration only on special occasions, and it may be the choice of those who think it right to resort to "human means" and thus serve both God and mammon. But to those who understand that to God belongs "the kingdom, and the power, and the glory, forever," Dr. Mahood's remarks cannot meet with acceptance.

Is not God all power, hence omnipotent, "Oh ye of little faith?"

# These Foremost Style Creations Are Irresistible Dreams

Our first comprehensive display of authentic spring styles—pattern hats,—being exact reproductions of the original Paris models, they are exclusiveness personified, with a host of adorable new fashion ideas and fancies. Styles that fashion stamps as foremost.

"Henna" is a favorite new shade, "Dusk" also is very new. Jaunty Tam shapes, large floppy picture hats and the large graceful shapes will be most becomingly worn this season.

Applied fabrics, applique flowers, baby ostrich, jet spangle ornaments in very attractive motifs, and the very new "veil in brilliant" will all feature in the loveliest styles ever, from Fashion's Hands.

The smartly attractive "Directoire" shapes, one model of Turquoise Blue, Black corded, attractively set off by the faddish "Veil pin Brilliant."

A charming Black Bandeau Trimmed in Tan shaped fancies and jet spangles.

Another smart model of Midnight Blue Lisere Braid, trimmed in Ostrich and rose petal applique.

A lovely Sailor Shape of Black Braid faced with Blue, the crown a veritable field of multi-colored daisies, finished with a double bow of two tone ribbon.

And the loveliest Tam effects. Those of Brown Lisere braid being especially fetching, applique flowers of the new "Henna" shade adding much to their smartness.

Large Picture Hats of woven Braid, Neapolitan Braid models edged with Baby Ostrich, flowers in lovely Pastel tints, Maline with interlaced Braid edges, vulture fancies and Jet spangles as ornaments.

A Palm Beach showing of delightful spring freshness. Lovely ecru shades in soft sport effect of woven Braid, Bankoks, Leghorn Pokes, Milans trimmed with flanges of midnight Blue and Brown Ribbon.

Such a complete showing of these Elite Styles and their prices are under expectations.

# Two Tone Sailors

Tailored smartness and wonderful color combinations make most desirable these new Sailor Models.

Pineapple Braid in many lovely color combinations. Dark Blue Crown and Brim top faced with Copenhagen. The new Dusk shade, faced in Pekin Blue. Dark Brown Braid faced in Sand.

Many new Lisere Braid models. Silver and Black combinations being very good. Lisere Braid and Pineapple Braid in many wonderful combinations.

**\$4.50!**

You are most cordially invited to this display if only to study Fashion's new fancies. We are holding open house from now on.
